

Form S-6: Contour Plots with Changed Contour Levels

The contour plots shown below use the same loss data as the original plots submitted as part of Form S-6 (Figures 2–4). The contour levels required by the 2009 ROA resulted in the original plots. The updated plots in this document use different contour levels, as requested in the November 23, 2010 email from SBA staff, to better illustrate model output responses.

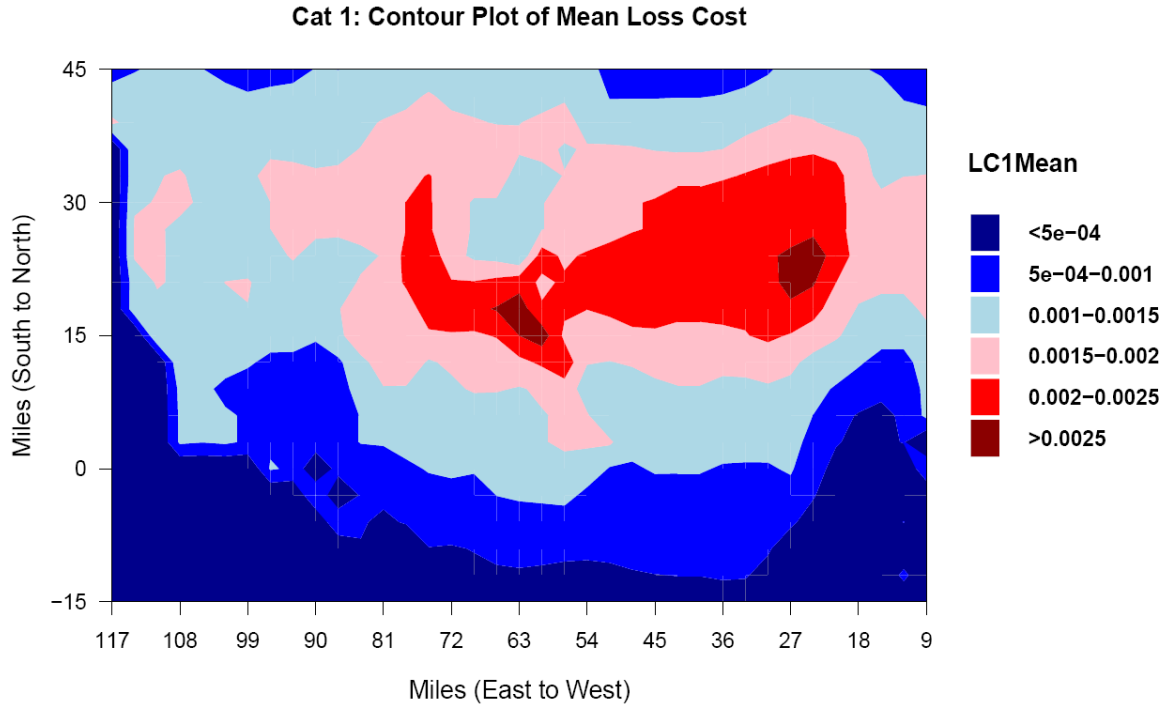

Figure 1: Contour Plot of Loss Cost for a Category 1 Hurricane

Cat 3: Contour Plot of Mean Loss Cost

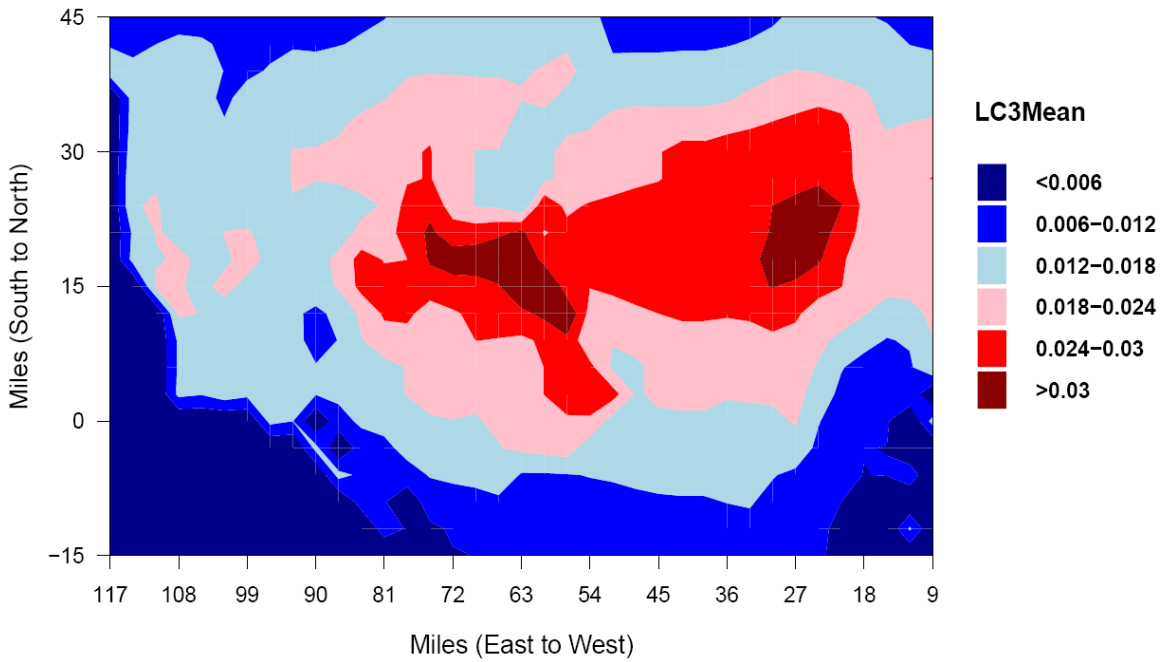

Figure 2: Contour Plot of Loss Cost for a Category 3 Hurricane

Cat 5: Contour Plot of Mean Loss Cost

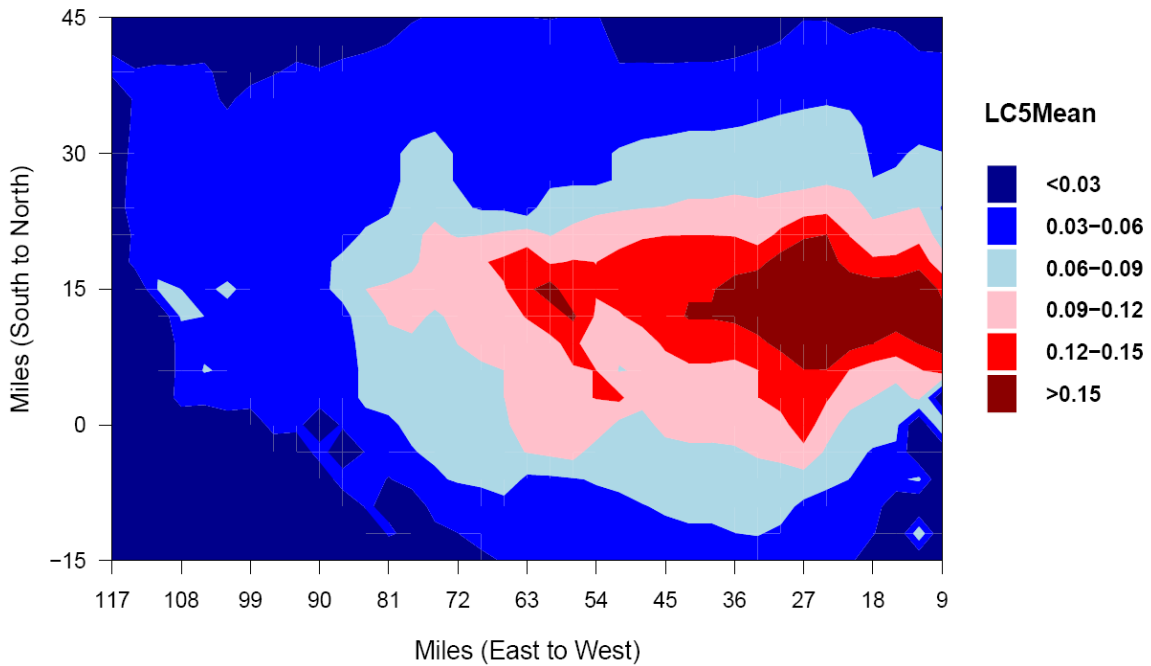

Figure 3: Contour Plot of Loss Cost for a Category 5 Hurricane
